

INTRODUCTION TO PHOTOGRAPHY – USEFUL LINKS AND REFERENCES

Digital Photography School – Cheat sheets and printables :

<https://digital-photography-school.com/15-best-cheat-sheets-printables-infographics-photographers/>

Expert Photography – has some really useful visuals and tips

<https://expertphotography.com/photography-cheat-sheets/>

A Year with my Camera – an excellent free resource you can sign up to, to receive weekly emails but here is what I think is a really clear explanation of exposure and 18% grey / what our cameras are programmed to ☺.

<https://ayearwithmycamera.com/lessons/exposure-1-18-grey>

A year with my Camera – Aperture and Aperture priority mode

<https://ayearwithmycamera.com/lessons/exposure-2-aperture>

Expert photography – Shutter priority – what it is and how and when to use it

<https://expertphotography.com/shutter-priority/>

Metering and exposure compensation
